

LDS & Associates Training Clinic 2010 presents another live, online CEU Event

FEE: \$169.00
Preferred Trainer discounts apply

Now in its sixth year:

Accent Programs Unique to the Medical Community

Presented by Lynda Katz Wilner, M.S., CCC-SLP and Lorna D. Sikorski, M.A., CCC-SLP

LDS welcomes back [Lynda Katz Wilner](#) for her fifth year as Lead Presenter for this popular webinar. **As with the entire [LDS Online Series](#), this webinar is continually updated, with current statistics, a revised bibliography, and evolving “touches” to our discussion on testing and training issues.**

Course Overview: Communication skills are understandably critical to medical service delivery. Population trends continue to show a strong international presence in all walks of the medical community. Providing accent modification training for ESL medical professionals has many unique challenges that affect the course content, training considerations, and marketing strategies. This webinar will address all of these concerns in a live, *interactive* 3-hour online session (with one 15-minute break).

Materials: PowerPoint note-taking handouts, a sample lesson plan, and a comprehensive bibliography – all geared to actively involve you in the program!

Topics Covered: Participants will be able to:

- differentiate the unique considerations for conducting training programs in the medical community,
- appraise the tools available to assess the communication skills of international medical graduates (IMGs)
- determine the appropriate teaching strategies for conducting accent modification programs in the medical community
- assess marketing ideas for implementing training programs in the medical setting

Registration Protocol: Complete details and payment information are found in the [LDS Web Store](#). There, look in the left-hand category bar under “**LDS Training/Online Training Center/Unique Web Series**”. Or, use the **Quick Find** box on left side bar of Web Store pages, inserting Item #: “**Unique Med**”.

Rancho Los Amigos National Rehab Center is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. **See course information for number of ASHA CEUs, instructional level and content area.** ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

Date/Time: Thursday, June 3, 2010
9:00 a.m. Pacific Time
(3 hours, plus 15-min. break)
Where: Online at <http://LDSassoc.ilinc.com>
How?: Enroll at the LDS Online Training
Calendar: <http://LDSassoc.ilinc.com>
To Pay: Go to [LDS Web Store](#) - see
Registration Protocol box below.

We illustrate our training content suggestions by showing visuals from *Medically Speaking*, authored by presenter, Lynda Katz Wilner! While not critical to the course *content*, you can optionally purchase a “trainer edition” (i.e., minus trainee practice CDs) of the program *before the event*, making notations in it *during the session* to create a personalized trainer guide!

This program is offered for .3 ASHA CEUs (Intermediate Level; Professional Area).

Registration: Includes ability to enroll in this live webinar at any date/time currently available, Materials (specified above), a Certificate of Completion, and ASHA CEUs (if desired).

LDS Preferred Trainers receive an additional 5% (calendar year only) on their 2009 discount status in the LDS Web Store for attending this event as their annual LDS continuing education for Preferred Trainers.

- summarize the resources for assessing & training healthcare professionals.

Who May Attend:

- Trainers who want to learn about accent training
- Trainers already in the accent field who want information about this specialized area
- Trainers currently working in the medical community who would like to critically review their training and marketing with a fresh perspective

No one does more for accented speech
